

# CURRICULUM VITAE

## PERSONAL INFORMATION

---

**Full Name:** Khoa Anh Pham  
**Preferred Name:** AK  
**Date of birth:** 23 January 2001  
**Gender:** Male  
**Email:** [akpham28@gmail.com](mailto:akpham28@gmail.com)  
**Resident status:** Australian Citizen  
**Mobile:** 0416791346  
**Address 1:** 1708/80 A'beckett Street, Melbourne, 3000, VIC, Australia  
**Address 2:** 218 Gorge Road, Newton, 5074, SA, Australia  
**Portfolio:** <https://khoaphams.com/>  
**LinkedIn Profile:** <https://www.linkedin.com/in/khoa-anh-pham/>  
**GitHub:** <https://github.com/KhoaPhamzzz>

## FORMAL QUALIFICATIONS

---

**Bachelor of Computer Science** majoring in Data Science. June. 2019 – July. 2023  
Swinburne University Technology, Australia

**SACE(South Australia Certificate of Education)** Feb. 2013 – Nov. 2018  
Norwood Morialta High School

## ABOUT ME

---

I am a dedicated software developer specializing in web development, excelling in both full-stack and frontend. With a comprehensive understanding of HTML, CSS, JavaScript, TypeScript, I craft intuitive user interfaces and seamless web experiences. My proficiency extends to backend development using frameworks like Angular and React, enabling me to optimize website performance and implement complex functionalities with ease.

Thriving in the dynamic world of web development, I tackle challenges head-on, translating design concepts into responsive and interactive interfaces. My passion lies in leveraging modern frameworks and libraries to deliver polished, user-friendly experiences. With a strong foundation in both frontend and backend development, coupled with hands-on project experience, I am committed to pushing the boundaries of innovation in web development, creating engaging digital solutions that resonate with users.

## ACADEMIC AWARDS

---

### Merit Awards

Subject Merit for exceptional achievement in System and Control Products, awarded by SACE Board of SA, Government of South Australia (2018)

## SKILLS, HARDWARE, AND SOFTWARE

---

**Program languages:** Ruby, Python, C++, C#, PHP

**Web Development:** HTML, CSS, JavaScript, React, Angular, TypeScript, Next.js

**API:** Postman, Swagger Editor, JSON

**Design and Prototyping:** Adobe XD, Figma

**Data Analysis:** SPSS Statistics, R and R Studio

**Data Visualization:** D3.js

**Database Management:** SQL, MySQL

**Network Administration:** Cisco Network Devices

**Game Development Engine:** Unreal Engine 5

**3D Modeling:** Maya

**3D Texturing:** Adobe Substance 3D Painter

**Embedded Systems and IoT technologies:** Arduino, Raspberry Pi

**PCB Design**

**Tools:** Git, Visual Studio Code, Excel, Spreadsheet

**Operating System:** Window, Mac OS

**Languages:**

- English: Near Native Speakers
- Vietnamese: Fluent

I possess strong problem-solving abilities, which I have honed through practical experiences on various projects at university. For instance, during the development of the Online Bookstore Website, I encountered challenges in optimizing the search functionality for a large product database. I successfully implemented efficient sorting algorithms and data structures, improving search performance and user experience. This hands-on problem-solving experience extended beyond academia, showcasing my ability to tackle real-world challenges effectively.

My excellent analytical skills were put to the test in the Student Record System project, where I had to process and analyze student data to create meaningful insights. By visualizing data trends and designing informative dashboards, I facilitated data-driven decision-making for academic purposes. This project demonstrated my proficiency in handling complex data analysis tasks, which are crucial in both academic and professional settings.

In terms of communication and teamwork, I actively participated in group projects, such as the development of the Online Bookstore Website and the Solar Power Management Mobile App Prototype. In these collaborative efforts, I worked closely with peers to design, develop, and present our solutions effectively. This experience significantly improved my ability to work collaboratively and communicate ideas in team settings.

Furthermore, my passion for staying updated on emerging technologies is evident in my independent project on advanced machine learning techniques. By continuously studying and implementing cutting-edge algorithms in this personal project, I showcased my commitment to ongoing self-improvement and adaptation to industry trends, highlighting my dedication to remaining at the forefront of technological advancements.

## **WORK EXPERIENCE**

---

### **Internship Software Developer (Full Stack) at Ellenex**

February 2024 – May 2024

As a full-stack developer during my internship at Ellenex, I gained valuable hands-on experience in both frontend and backend technologies. Taking on the role of a web developer and designer, I spearheaded initiatives to enhance and maintain the Ellenex.io platform, implementing crucial improvements to elevate user experience and bolster platform reliability. Collaborating closely with the development team, I identified areas for enhancement and promptly implemented solutions, demonstrating my proficiency in web development and design. Through this experience, I acquired invaluable insights into software development processes and best practices, further honing my skills in the dynamic realm of web development.

### **Full stack Developer**

July 2023 – present

Project: Advanced Technologies for Water Management & Treatment in Aquaculture

Location: Binh Dinh Province, Vietnam

Funding Body: Vietnamese Ministry of Science and Technology

Duration: 2022 – 2025

Responsibilities and Achievements:

- Lead the development of a comprehensive web platform for the visualization and management of multiple aquaculture ponds as part of a significant project funded by the Vietnamese Ministry of Science and Technology.
- Spearhead both front-end and back-end development, integrating technologies such as D3.js, PHP, SQL, React, HTML, CSS, SQL and PHP to deliver a highly functional and user-friendly interface.
- Collaborated effectively in a multidisciplinary team, contributing to the successful implementation of advanced water management and treatment technologies in the Binh Dinh province.
- Maintained stringent adherence to confidentiality protocols, ensuring the secure and ethical handling of sensitive project data.

**Note:** The project is currently at a confidential stage. For further information or inquiries, please contact the Project Manager, Dr. Thien Nguyen, at [thien.nguyen@torrens.edu.au](mailto:thien.nguyen@torrens.edu.au).

### **Full Stack Freelancer**

2020 – present

I have good experience in creating a website for clients on Fiver using vanilla HTML, CSS, PHP, SQL, and JavaScript or using Angular and React framework

### **Video Editing**

2019 – present

I have good experience editing YouTube videos for my clients using Adobe Premiere Pro.

## **PROJECTS**
